

A LETTER TO READERS FROM

Stacy McAnulty

author of the Our Universe series

Dear Readers,

When I was in school, I had trouble reading aloud. The words would get stuck somewhere between the page, my brain, and my mouth. But I kept practicing and still do, even today!

Reading can take you anywhere you want to go—on a dinosaur safari, under the sea, or even to space! Take a look through the Scholastic Book Clubs flyers and find your next adventure.

No matter which book you choose, I'm sure it will be out of this world.

Stacy McAnulty
